# Fast. Easy to use.
# Built for business

**The ADS-2200 is a powerful new addition to Brother's award winning scanner range.**

# Brother Document Scanners:
# Our result of a century of innovation

**Grounded by well over 100 years' worth of business expertise, Brother is a trusted and innovative technology brand recognised across the world.**

**Brother's document scanners have won coveted industry recommendations and reliability awards following exhaustive lab tests, establishing the versatile portfolio as the go-to machines for hard copy digitisation whether in home offices or professional environments.**

## Your documents in...
## Useful digital back-ups out

With a Brother scanner, the output is a usable digital file rather than just an image. The ADS-2200 comes with free business card and document management software for Windows and MacOS from Nuance® and NewSoft® - ideal for creating and editing PDFs and much more.

It also supports OCR (Optical Character Recognition) which allows your digital documents to become searchable files - ideal for meeting document compliance needs, disaster recovery preparation, departmental organisation and ease of access.

A wealth of image processing features such as punch hole removal, auto image rotation and skip blank page help ensure that the digital copies are optimised for more efficient use and help cut down on time spent manually preparing and correcting documents.

## The new ADS-2200 desktop document scanner. Small but powerful.

The affordable ADS-2200 boasts rapid scan speeds of up to 35 double sided pages per minute.

This allows staff to digitise those hard copies 45% faster than the previous, acclaimed equivalent Brother range (the 24ppm ADS-2100e). Despite its efficient, business-level speeds, the ADS-2200 is surprisingly compact. When the output tray is conveniently folded back into the unit's body, this device takes up similar width and depth dimensions to that of a single piece of A4 paper – ideal for workspaces, front of house counters and office desktops where space is limited.

## Scan to a variety of file types and direct to USB drives

Supported file formats that can be scanned to include PDF (single, multi, High Compression, searchable[1], Secured, Signed, PDF/A-1b), image, email and file.

The ADS-2200 also has a dedicated USB slot at the rear of the machine enabling the user to scan directly to a USB drive (or storage) without the need to connect to a computer.

# ADS-2200 Desktop Document Scanner

The easy to use ADS-2200 desktop document scanner is the ideal solution for a variety of business scanning needs thanks to its fast 35ppm scan speeds and ability to process a variety of media (including 2-sided (duplex) documents, receipts and even embossed plastic cards).

## Specifications

Versatile paper handling (including receipts and plastic ID cards) via 50 sheet Automatic Document Feeder (ADF)

Hi-speed USB 2.0 for easy connectivity

Fast 35ppm/70ipm 2-sided (duplex) colour scan speeds

Scan to searchable PDF, file, email, OCR, image and USB host drive

Includes trusted document management and business card software for Windows and Mac

| 2-Sided Scanning | Up to 600 dpi Max Optical Resolution | 50 SHEET ADF | 35 ppm | USB 2.0 | Scan to USB host | Image Processing |
|---|---|---|---|---|---|---|

## Easy to set-up and simple to use by all

The ADS-2200 can be quickly set up and integrated across Windows, MacOS or Linux operating systems via Hi-Speed USB 2.0.

And with all things Brother, our software can be easily accessed and downloaded via Brother Solutions Centre at http://support.brother.com

## Handles diverse and consistent scan jobs

The 50 sheet Automatic Document Feeder (ADF) can be loaded with mixed sizes and weights (everything from A4 contracts and expense receipts to customer forms and even embossed plastic ID cards) before processing its contents as one efficient batch.

So, whether it's the day-to-day stack of double sided contracts or a mixture of documents types, the ADS-2200 is built for business and has been designed to be *at your side* for the long run, thanks to it's robust roller construction.

# Specifications

## General

| | |
|---|---|
| Technology | Dual CIS (contact Image Sensor) |
| Product Form Factor | Compact Sheet fed desktop scanner |
| Local Interfaces | Hi-Speed USB 2.0, USB Host (up to 64 GB) |
| Backup Clock | Up to 24 hours |
| Control Panel | LED, Keys |
| Light Source | LED Array |

## Scanning

| | |
|---|---|
| Scan Speed Standard (A4) | Up to 35ppm (pages per minute) colour and monochrome |
| Scan Speed 2-Sided 2-sided (duplex) (A4) | Up to 70 sides per minute (35 sheets per minute) colour and monochrome |
| Time to Start Scan after positioning | 1.5 secs (approx) |
| Wake-up Time (Sleep Mode to Ready) | 1 sec (approx) |
| Optical Scan Resolution | Up to 600 x 600dpi (dots per inch) |
| Interpolated Scan Resolution* | Up to 1,200 x 1,200dpi (dots per inch) |
| Colour Depth | 48-bit internal & 24-bit external |
| Greyscale | 256 levels (8 bit) |

## Scanner Functions

| | |
|---|---|
| Supported file formats | Including TIFF (BW only), JPEG (Greyscale/Colour), PDF, Secured PDF, Signed PDF, PDF/A-1b, Searchable PDF* |
| Direct Scan | Scan directly to a USB flash memory drive and to a PC without installing any driver |
| Scan to Email* | Scan documents as an attachment into your E-mail application |
| Scan to OCR* | Scan documents directly into your word processing application for instant editing |
| Scan to File* | Scan to a file on your computer |
| Scan to Image* | Scan into your preferred image editing software |
| Scanner Driver** | **Windows®^:** TWAIN 2.3, WIA Windows 10® (32 & 64 bit editions) Windows 8® (32 & 64 bit editions) Windows 7® (SP1 32 & 64 bit editions) Windows XP® (32 bit SP3 only) Windows® Server 2012, 2012R2, 2008R2(SP1) **Macintosh:** TWAIN 1.9 & ICA MacOS 10.10.x, 10.11.x, 10.12.x **Linux:** SANE |

## Software** for Windows®

| | |
|---|---|
| iPS for PC Win | iPS - Easy to use scan software from Brother offering advanced image processing |
| Nuance® PaperPort 14 SE | Document management and sharing program |
| NewSoft® Presto!® BizCard OCR | Global business card management solution |
| Remote Setup | Allows the user to set-up the scanner from their PC |

## Software** for MacOS®

| | |
|---|---|
| iPS for MacOS | iPS - Easy to use scan software from Brother offering advanced image processing |
| NewSoft® Presto!® PageManager® | Document management and sharing program |
| NewSoft® Presto!® BizCard OCR | Global business card management solution |
| Remote Setup | Allows the user to set-up the scanner from their PC |

## Paper Handling

| | |
|---|---|
| Paper Input / Output | Up to 50 sheets# |
| Paper Size Multi^^ | **Width:** 51 - 215.9mm, **Length:** 51 – 355.6mm |
| Long paper Scanning*** | **Width:** 51 - 215.9mm, **Length:** 5000mm |
| Paper Weight | 50gsm – 209gsm |
| Plastic Card Thickness | Embossed up to 1.32mm |

## Weights and Dimensions

| | |
|---|---|
| With Carton (WxDxH) | 393 x 245 x 286 mm 4.0 Kg |
| Without Carton (WxDxH) Input Tray Attached | 299 x 206 x 178 mm 2.6Kg |
| Without Carton (WxDxH) Input Tray Detached | 299 x 145 x 141 mm |
| Remote Setup | Allows the user to set-up the scanner from their PC |

## Environment

| | |
|---|---|
| Power Requirement | **AC:** 100 – 240V 50/60Hz, **DC:** 24V, 1.0A |
| Power Consumption (Scanning) | 23W |
| Power Consumption (Ready) | 5.0W |
| Power Consumption (Sleep) | 1.6W |
| Power Consumption (Off) | 0.1W |
| Sound Pressure Level | Scanning – 49dB Ready – inaudible |
| Power Saving mode | This enables the scanner to consume less energy when not in use |
